Dear Michael:

Lauren and I wanted you to know how happy we are with our new Schaefer Custom Home in The Estates at Creek Meadows. From the first time we stepped into the home we were blown away with the quality workmanship and the features included. We considered building a home but quickly realized the Schaefer home included every detail and more that we would have included in a new-build.

We are particularly impressed with the finish carpentry and careful attention to detail throughout the home. Lauren loves the alder cabinets, granite counter tops and Kitchen Aid appliances included in the kitchen. We could not be happier with the home and we would not change a thing. We catch ourselves asking, "Is there anything he didn't think of?"

I specifically wanted to thank you for accommodating my request to add an outdoor kitchen. I spend many evenings in the backyard with the kids cooking dinner. I was happy with the time frame it was constructed in and how it perfectly fits in with the back porch. It looks like it was constructed with the home from the beginning.

It is very clear that you take great pride in your work. There is great value in purchasing a home from a builder that we have a relationship with. Knowing that you are only a phone call away if we need anything gives me great peace of mind. I know that we will enjoy the home for many years to come.

Sincerely,

Daniel & Lauren Hindes
